

## Memory Projects

## Intro Psych - McMurray

*Goal: Design a piece of artwork that depicts multiple memory terms you have learned in class. Perform a creative and entertaining product that clearly shows proper application of the terms.*

*Choices:*

- *Short recorded video*
- *Cartoon*
- *Skit*
- *Song*

*Product Details: Develop a storyline in your **groups of 4**, applying **5 of the terms** from Memory Notes 1 & 2. You do not have to use the terms explicitly, but must apply them to a scenario in your storyline. It must be evident from your performance which terms you are using. A stellar project will be creative and educational for your peers.*

*Expectations: You will have today and next class to work on your project in the lab. It is worth 15 points and will be performed on Tuesday.*
